#### **Audience comment on Agenda Items**

Ms. Susie White, member of the tennis club for 25 years commented on usage of the tennis club. Though the players are not on the court at all time they do use them consistently. There are 132 members currently and 60 are active. Tomorrow there will be 10 teams participating in a tournament. On behalf of the members, the she stated that they are happy to share the courts until the pickle ball courts are built. But

they do use all their courts, so she asked that the Board to please not penalize the Tennis club to make another club happy.

Ms. Carol Joseph spoke on behalf of the Pickleball club stating they are happy to use one tennis court converted into 4 Pickleball courts temporarily.

Ms. Grace Garfow commented on the budgeted \$75,000 for pickleball courts requesting they would like to take 2 tennis ball courts this season for conversion into 6 pickleball courts as the more fiscally responsible option.

Ms. Mary Smythe thanked the Tennis club for graciousness. Pickleball is growing rapidly she is instructing people consistently. The heat limits members to play in the morning and evening would love to have the 6 courts so all can play without being left out.

Mr. Robin Nash commented on not seeing the tennis courts played to capacity by either Tennis or Pickleball clubs. He disagrees that the need is so great that more pickleball courts are needed to be constructed.

Mr. Larry Castle spoke on the benefits of pickleball and its rapid growth everywhere not just here in Barefoot Bay. He urged the board to think about approving the pickleball courts currently budgeted in FY18.

Ms. Shawna Green is requesting the start of a sewing club. She requested the Board lift the moratorium on new clubs as all residents should not be penalized for the actions of a few who abused the rules and regulations.

Mr. Joe Modjeska spoke on behalf of pickleball stating that he appreciated the efforts to help the pickleball club and invited the trustees to come out sometime to watch the pickleball players.

Mr. Nick Scarfo active daily pickleball player believes it is fiscally irresponsible to build new courts as we can utilize the existing tennis courts. He requested 2 tennis ball courts to create 6 pickleball courts. He stated that he is aware of potential buyers in Barefoot Bay from Long Island that are interested in the pickleball courts first and foremost.

#### **Unfinished Business**

#### **New Pickleball Court Locations**

Funding for newly constructed Pickleball Courts are currently in the budget for FY18. Staff provided several options for new pickleball courts or options to repaint two tennis courts to incorporate multiple pickleball courts within the existing tennis courts. Discussion ensued regarding the options presented. Several pickleball members commented on their thoughts regarding the courts.

Mr. Cavaliere made a motion to convert the two far left tennis courts into 6 pickleball courts. Second by Mr. Wheaton. Motion carried unanimously.

#### **Memorial Donation Request**

Ms. Debra Dalton and Ms. Sandy Bent have requested donation of a memorial bench for placement between the #12 Green and the #13 Tee Box in memoriam of Mr. Wally Bent. #### **Building D/E Chair Replacement Award of Contract**

The FY18 Revised Budget contains \$10,000 for the replacement chairs. Staff received two quotes. Mity-Lite, Inc. for \$8,926.00 and E-furnituremax for \$10,998. Staff recommends the BOT award contract for procurement of replacement chairs for Building D/E to Mity-Lite, Inc. in the amount of \$8,926.

Mr. Diana made a motion to approve the contract to Mity-Lite, Inc. in the amount of \$8,926. Second by Mr. Cavaliere. Motion carried unanimously.

#### Mini Golf

Originally a grant funded project, due to the impacts of Hurricanes Matthew and Irma, staff will not be able to complete the Miniature Golf Course project by the deadline of April 30, 2018. Staff recommended deferring to FY19. Staff requests direction regarding whether the BOT desires to move forward with the project.

Mr. Diana made a motion to proceed with the unused shuffleboard courts to install a mini golf course in FY19. Second by Mr. Cavaliere. Motion carried unanimously.

Mr. Schwatlow asked what the hindrance was on finishing the mini golf course, Mr. Coffey stated this has always been an in house project. Property Services lost a total of approximately 5 months due to other repairs from the hurricane damage. The last update he gave was before he received the news that he could not get an extension on the project. Mr. Schwatlow requested placing the mini golf area behind Building A where the old shuffleboard courses are due to the existing concrete surface and monitored area.

\*Note: Mr. Klosky abstained from discussing on this topic then later retracted his abstinence as he misjudged the placement of the subsequent agenda item, Alternate D/E Complex. He thought he was abstaining from the topic, Alternate D/E Complex. Abstinence retracted.

#### **Alternate D/E Complex Project**

Instead of a 14,000 square foot replacement Building D/E/Pro Shop/19<sup>th</sup> Hole facility, Mr. Wheaton submitted an alternate proposal for the building by relocating the 19<sup>th</sup> Hole dining room only in the area by the 18th fairway. The other buildings would be left intact with the Proshop moving to the current 19<sup>th</sup> Hole location. Discussion ensued.

Mr. Roger Compton stated that the design and plans have already been discussed for the original replacement facility. He is not in favor of changing plans when there is already an established proposal in place.

Mr. Schwatlow stated that new plans should always be entertained if it could be improved upon. Ms. Jeanne Osborne stated that she was in favor of hearing more about the alternate proposal by Mr. Wheaton.

Mr. Wheaton made a motion to have TLC provide costs for the feasibility of a 6000 sq. ft. dining facility to serve as the 19<sup>th</sup> Hole in the specified location. Second by Mr. Cavaliere. Mr. Diana opposed and Mr. Klosky abstained. Motion carried 3-1.

#### **FASD**

FASD membership, for districts which assess non-ad valorem assessments, is based on the size the annual operating budget and discounts for new members and the first year's renewal. Cost to BBRD would be as follows: FY18 \$2,000.00, FY19 \$3,000.00, FY20 and beyond \$4,000.00.

Sufficient funding is available in Administration Department roll-up budget to cover the FY18 membership costs.

Mr. Klosky made a motion to authorize submittal of the application for membership for FY18. Second by Mr. Cavaliere. Motion carried unanimously.

Mr. Cavaliere made a motion to appoint a member of the community to represent BBRD at the FASD forums. Second by Mr. Diana. Mr. Wheaton opposed. Motion carried 4-1

#### **Background and Summary Information**

In late December a proposal was submitted by Veterans Council Interim Chairman, Ray Bourgault and American Legion Commander, James Willie. Said proposal assumes BBRD will procure a temporary D/E building for use during the construction of a new D&E/19th Hole/Pro Shop and Cart Barn complex. Very rough cost estimate for the procurement of a 3,500 sq. ft. building, water/sewer hook ups, parking and water retention is approximately \$800,000.00 to \$1,200,000.00 depending upon type of building construction.

The BOT previously discussed this issue at a BOT meeting on 12Jan18 and at a workshop on 06Feb18.

Staff requests direction regarding this matter.

#### **Requested Action by BOT**

Award of contract for Financial Advisor to Mr. Clark Bennett of Spectrum Municipal Services, Inc.

#### **Background and Summary Information**

On 09Feb18, the BOT held a workshop with personnel from Special District Services, Inc. (BBRD's management company) and Mr. Clark Bennett of Spectrum Municipal Services, Inc. Although no financial advice was given to the BOT, a general discussion of how financing of capital projects works occurred. At the end of the workshop, the BOT (by consensus) requested Mr. Bennett provide BBRD with a proposal for financial advisory services.

As attached, the proposed contract is based on the value of the financing. Assuming the \$9,721.000, as listed in the Proposed FY19-23 Five-Year Financial Model and Capital Improvement Program, BBRD can expect to pay (netted out of the loan proceeds) \$8,540.75 plus eligible expenses as shown below.

Loan		
amount	Fee	Cost
5,000,000	0.00100	5,000.00
4,721,000	0.00075	3,540.75
9,721,000		8,540.75

After the contract is executed, Mr. Bennett can then start to provide the BOT with financial advice regarding the financing of capital projects.

Staff recommends the BOT <u>approve the proposed contract from Mr. Bennett of Spectrum Municipal Services, Inc, for financial advisory services.</u>
