FY20 Approved Budget Decision Point

Title:	CivicRec
Department:	Administration
Sub-Dept.:	District Clerk
FY20 Costs:	\$10,500

Justification:

Per the District Clerk:

The CivicRec Parks and Recreation Software can centralize District recreation operations. CivicRec (a product of CivicPlus which is the provider of the CivicClerk agenda system BBRD acquired in FY19) is cloud based which means staff can manage operations from any computer with access to the internet - and on any device. Additionally, residents can use the recreation registration software to create accounts to purchase guest passes, event tickets, rent facilities, pay late fees, and more. The dashboard will allow residents to access information without searching through web pages or directly contacting staff. Residents can conveniently view notifications, messages, and calendars when logged in then easily browse the site to make payments or purchases and reserve/rent facilities (at the time of this proposal, other department managers who would be impacted by this proposal had not had a chance to access the feasibility and cost/saving).

Although this decision point was not recommended by the Community Manager, the BOT added it to the FY20 Approved Budget.

Budget Detail:

Professional Fees	Implementation	3,000
	Recurring Cost	4,500
	Database Import	3,000

Total:

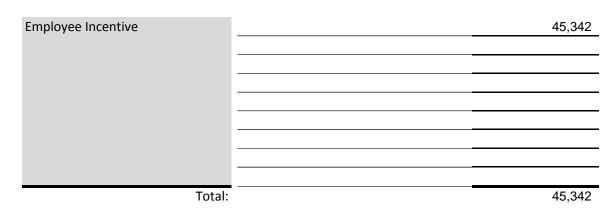

10,500

FY20 Approved Budget Decision Point

Title:	Pay Plan Adjustment
Department:	Administration
Sub-Dept.:	Finance
FY20 Costs:	\$45,342

Justification:

Beginning in FY17, BBRD adopted a formal pay and classification plan based on a representative employee pay survey and an internal comparative-worth review to ensure the continued equity of the pay and classification plan where employees performing comparable work are fairly compensated. Based on results of a salary survey of comparable positions within comparable organizations (mirroring the salary survey conducted two years ago) BBRD's pay and classification plan is approximately 7.4% below market average. This finding was not surprising given the number of skilled and semi-skilled employees who left BBRD in 2018 for better compensated positions in other organizations. To address this issue and help retain a qualified and experienced workforce, an increase in the annual employee incentive funding (i.e. monies used to give employees a cost of living adjustment and merit increase) from the historic 3% maximum to a 5% maximum is included in the FY20 Approved Budget. Additionally, this decision point funds an additional 2.5% increase in the FY20 employee incentive funding to move BBRD's pay and classification plan to "average" in comparison to comparable positions within comparable organizations.

FY20 Approved Budget Decision Point

Title:DOR/ARCC InspectorDepartment:Resident RelationsSub-Dept.:DOR EnforcementFY20 Costs:\$29,675

Justification:

Per the Resident Relations Manager/H.R. Coordinator:

The success of any Department depends on the employees and the continuity of those employees. It takes 6-9 Months to train a DOR/ARCC Inspector. After which they must attend the Florida Association of Code Enforcement training at a cost of approximately \$2000. The continual growth in this department relies on hiring and retaining the employees. With the addition of 1.0 FTE full-time position and the deletion of 0.50 FTE part-time position (net increase of 0.50 FTE), the Department will continue to grow as a professional, knowledgeable, stable team, serving the needs of the department and District.

Although this decision point was not recommended by the Community Manager, the BOT added it to the FY20 Approved Budget.

Budget Detail:

F/T Salaries	1.00 FTE	29,827
P/T Wages	0.50 FTE	(14,913)
Payroll Taxes		1,141
401 A Benefit		894
Medical/Dental/Life Ins.		12,553
Workers Comp. Insurance		173
Ta	stali	20.675

Total:

29,675

FY20 Approved Budget Decision Point

Title:Dude UniversityDepartment:Property ServicesSub-Dept.:RecreationFY20 Costs:\$2,060

Justification:

In FY15, BBRD began using Facility Dude, a web-based work order system to increase the efficiency and effectiveness of internal work orders plus provide an accountability system for requests. In FY19, BBRD began use of Dude Solutions' Capital Planning System, a web-based facilities maintenance and budgeting system. Dude Solutions offers an annual Dude University, a five day educational seminar to teach the optimal use of their products. While staff is proficient in the basic use of these systems, a modest investment by BBRD to send one employee (member of Property Services management) to the 2020 Dude University would enable all of Property Services management personnel to improve their usage of these systems through a "train the trainer" approach.

Travel and Training	 2,060
Total:	2,060

FY20 Approved Budget Decision Point

Title:	Dart Machines (2) and Free Use
Department:	Property Services
Sub-Dept.:	Recreation
FY20 Costs:	\$10,800

Justification:

Historically, BBRD provided two dart machines for residents use at the Lounge via a contract where the vendor provided the machines and service at no cost and split the revenue 50/50 with BBRD (which has been accounted as Food & Beverage Department revenue). However, as the current vendor is planning to cease operations later this calendar year, residents have voiced their displeasure with the amount of service needed. Additionally, dart players have questioned the historic practice of "pay for play" for darts as opposed to the "free" use of the pool tables, bocce ball courts, etc.

This decision point would end the practice of "pay for play" by BBRD purchasing dart machines and paying for maintenance and repairs as needed. BBRD would purchase 2 units costing \$3,500-\$4,000 each and then incur the cost for service and maintenance. No fee would be charged to residents for their use.

An alternate option would be for BBRD to lease units with all the revenue from the fees paid by players going to the vendor until a certain amount is reached (\$3,000 was proposed by one vendor) who would then split the remaining annual receipts with BBRD (previously mentioned vendor offered to give BBRD 25% of receipts over \$3,000 annually).

This decision point was not recommended (by the Community Manager) in lieu of seeking another vendor with a similar arrangement as exists with the current provider (no leasing or purchase cost and revenue split between the vendor and BBRD) but provided for the edification of the reader concerning options of the status quo.

R & M Equipment	Dart Machines purchase	7,500
	Maintenance	1,800
Expenditures Sub-Total:		9,300
Vending Machine Income	F&B: Lounge	(1,500)
Revenues Sub-Total:		(1,500)
Total Net Cost:		10,800

FY20 Approved Budget Decision Point

Title:	Utility Cart for Custodian Supervisor (added by staff after FY20-24 5yrFM&CIP workshop)	
Department:	R&M/Capital	
Sub-Dept.:		
FY20 Costs:	\$8,500	
Justification:		
Prior superviso	r preferred to ride with another employee when traveling from one site to another.	
Current supervisor prefers to independently monitor the cleanliness of buildings, meeting room set-ups,		
and other tasks. This decision point will eliminate currently inefficient time when the Custodian		
Supervisor has	to wait for a BBRD vehicle to use.	

Capital Outlay	 8,500
Total:	8,500

FY20 Approved Budget Decision Point

Title:	New Carpet and Flooring in Pro Shop (added by staff after FY20-24 5yrFM&CIP workshop)
Department:	Golf - Pro Shop
Sub-Dept.:	
FY20 Costs:	\$7,500

Justification:

The Pro Shop carpeting is aged, worn out, and the seams in the middle of the floor may become a tripping hazard (in the future) to distracted customers walking through the area. An allowance is factored into this decision point for posssible damage beneath the carpeting due to water spills, deterioration, etc.

Although this decision point was not recommended by the Community Manager, the BOT added it to the FY20 Approved Budget.
