Scholarship Opportunities Available for Graduating Seniors

The Barefoot Bay Little Theater and the Barefoot Bay Computer Club are both offering a \$500 scholarship for graduating seniors from the Barefoot Bay area. Petals and Palms Club News

Is proud to announce that we have finished our brick project at the Reflections Garden located at the beginning of Veterans' Way. Started in 2006 with just a patch of grass, the area now holds 601 engraved bricks. Please continue to drop by and sit on one of our donated benches and reflect on and enjoy our inscribed bricks. Thank you to all who have donated to Petals and Palms over the years via our bricks.

Words can have different definitions

When you hear that the BOT is paying a consultant to analyze employee pay and benefits to address "compression" it has nothing to do with the socks employees wear. With the state minimum wage increasing by 75% in 5 years the bottom 17 pay grade will make the same amount while the next 11 pay grades will each be separated by 2.5%. This will compress the pay of skilled and professional employees in relation to other employees. A skilled employee who used to make double minimum wage (in FY21) will only make 30% more than minimum wage in FY27. Without additional raises, these folks will most likely leave BBRD in the next few years for other employers who are willing to pay competitive wages and it will be hard to hire new employees with similar skills and experience at below-market rates.
